Message from Melissa Gehring

We are looking forward to a great 2023-2024 WIAA gymnastics season!

Nationally, the NFHS committee is currently gathering information for possible rule changes for the 2024-25 season and beyond. This is a multi-step process that includes feedback from our state, coaches, and judges. That survey will be emailed to you in the future. It's imperative that you take the time to complete it so the voice of our Wisconsin coaches and judges is heard and we are an active part of the process.

As you are aware, the GymPro software we have used for sectional and state competition in the past is no longer an option for the 2023-24 season. That said, we are very close to finalizing a decision on a new software platform we will use for our tournament series. We are looking forward to making that announcement very soon, so stay tuned!

If you have any questions or concerns for the upcoming season, please feel free to reach out to either Candace Ostertag (costertag@wiaawi.org) or myself at any time (mgehring@wiaawi.org).

Thank you for all you do for our student-athletes,
Melissa
